

Engaging Educational Experiences

Incursion Program

Bringing local history, marine science and conservation education to your school with an exciting new program.

Features an interactive presentation with amazing photos, facts and questions, plus hands-on activity stations with cool technology, samples and specimens to explore.

Also included are detailed information sheets and posters with work booklets for students to complete.

- 1 class per 60 minute session
- Available for Years 2–6
- For schools within a 50km radius of Busselton Jetty
- \$5 per student, minimum booking 2 classes

Marine Science Excursion

The Busselton Jetty is home to one of only six underwater observatories in the world. Our experienced guides lead you and your students through the natural wonders that lie beneath the Jetty where its piles create Australia's greatest artificial reef, host to an awe inspiring "forest" of vividly-coloured tropical and sub-tropical corals, sponges, fish and invertebrates. Descend 8 metres beneath the water's surface to learn about the habitat zones and adaptations of the marine life that live beneath the Jetty.

- Tour runs for 1 Hour 45 Minutes
- Up to 30 people per tour
- Includes return journey on the electric Jetty train
- Student worksheets
- Schools receive a 10% discount and one free teacher per class
- Adults: \$30.60 per person
- Students (3–17 years): \$18.00 per person

Ride the Jetty Train

Take your students on a fun and exciting 1.7 kilometre journey across the waters of Geographe Bay. See what local wildlife you can spot and listen to the audio outlining the Jetty's colourful 153 year history. Spend 10 minutes at the end of the Jetty exploring the life size whale murals and direction dial before your return trip.

- Return Ride is 45 Minutes
- Up to 46 people per tour
- Schools receive 10% discount and one free teacher per class
- Adults: \$12.60 per person
- Students (3–17 years old): \$7.65 per person

Engaging Educational Experiences

History & Heritage Excursion

The Jetty Museum brings history to life with interactive technologies. Learn about the colourful history of the Jetty through interactive timelines and touch screens with images, videos and stories.

Follow your Museum visit with a walk along the 153 year old heritage listed Jetty. There is a Bollard Trail with questions to answer, interpretive panels, memorial plaques, wind vanes, life size whale murals, a direction dial plus much more.

- Digital copy of the Bollard Trail Quiz can be emailed prior to your visit
- Students (3–17 years): Free
- Class Teacher: Free (must register at the Interpretive Centre window upon arrival)
- All other adults: \$4 per person

Exciting New Additions

The Underwater Observatory and Jetty Museum have both had exciting upgrades and additions recently. In particular, the Underwater Observatory has had a \$150,000 upgrade with brand new interpretive displays, interactive activities and technology. Bring your students to see what's new.
