

CinefestOZ 2022 - Senior Intern Call Out

CinefestOZ is an internationally recognised Film Festival set in the South of Western Australia. Known for its celebration of Australian film and Screen Legends, CinefestOZ is home to the richest film prize in Australia. CinefestOZ screens critically acclaimed films, welcomes international talent and inspires the next generation of filmmakers. CinefestOZ reaches deep into the South West community to connect with media students, Indigenous organisations and the film industry through their Cinesnaps schools competition, feature and short film screening sets and industry program.

CinefestOZ believes in fostering the next generation of industry experts. Our interns have gone onto work on internationally renowned feature films, work overseas within the industry and with leading national film bodies, through their connection with our festival.

We want to meet the next cohort of change makers with our newly introduced Senior Intern Program. This program will engage a select group of specialised interns to operate with the festival from early 2022 through our two festivals and complete their prestigious internship in September 2022.

We are looking to foster relationships with dedicated students, emerging practitioners and passionate instigators to introduce them to the media industry. Interning with CinefestOZ will develop film industry relationships, strengthen your industry and festival knowledge and may lead onto future opportunities.

Our senior interns would be required to commit to the festival on a casual basis (from home) agreed upon by your team supervisor. Time commitments between the months of February and leading up to the festival is on a flexible basis to fit in with candidates existing studies and work obligations. Selected Interns would be required to be available in person for the week of the CinefestOZ Film Festival in 2022 (August 22-29th.)

We encourage people interested in this opportunity to please visit our [website](#) and social media to understand the festival further.

We have a series of teams looking to engage the following;
