City of Albany

For a third year running, the City of Albany is once again thrilled to partner with CinefestOZ to host the 2023 CinefestOZ Albany Film Festival.

CinefestOZ celebrates the creativity and imagination of film enthusiasts, directors, actors and writers throughout Albany over the four day festival.

Local school students, filmmakers and fans will have the opportunity to take part in various exciting events such as screenings, workshops and networking opportunities for all ages.

I encourage our community to take part in the magic of cinema right in our very own backyard and thank everyone who works to make this event a success.

MINISTER'S WELCOME

The State Government is a proud sponsor of the CinefestOz Albany through its Regional Events Scheme.

RES was established to support smaller and emerging events in regional Western Australia to boost tourism, increase community vibrancy and participation, and develop regional areas.

The scheme plays an important role in positioning Western Australia as an exciting destination to visit and a great place to live by showcasing and promoting the host region's unique and diverse attractions.

Sixty-eight regional events across WA have been funded through the 2022-23 Regional Events Scheme, which also includes the Regional Aboriginal Events Scheme, which contains a funding pool of \$150,000 exclusively allocated to events delivering Aboriginal activities and experiences.

We are pleased to sponsor all RES events, which help to revitalise regional economies and communities as we reconnect and welcome back visitors from around the world.

Tourism is a key part of the State Government's plan to energise the economy, create jobs and develop business opportunities, especially in regional Western Australia.

Events also play an important role in this plan, with the State Government sponsoring a range of sporting, cultural, arts and culinary events across Western Australia, through Tourism Western Australia, to attract visitors and encourage them to stay longer, disperse further and do more while they are here.

We hope everyone enjoys this event and takes the time to explore the Great Southern region.

CORNERS OF THE EARTH: KAMCHATKA

Follow filmmakers Spencer Frost and Guy Williment and surfers Letty Mortenson and Fraser Dovell as they journey to Kamchatka in the far east of Russia in search of new waves along the frozen, unexplored coastline.

Bordered by the Pacific Ocean and the Sea of Okhotsk with more than 150 volcanoes (29 active) the Kamchatka Peninsula in Far Eastern Russia is as remote as it is unique.

After 2 years of planning the trip was almost over before it started. An hour before boarding their flight to Moscow, Russia invaded Ukraine.

At a time when the world was seeing the worst of human nature, these guys flew behind the iron curtain and found, to their surprise the best of it. Mi-8 helicopters, skidoos, frozen campsites, and frozen bank accounts, this surf trip quickly became far more than anyone could imagine.

EMILY

EMILY tells the imagined life of one of the world's most famous authors, Emily Brontë. The film stars Emma Mackey (*Sex Education*, *Death on the Nile*) as Emily, a rebel and misfit, as she finds her voice and writes the literary classic 'Wuthering Heights'. *EMILY* explores the relationships that inspired her – her raw, passionate sisterhood with Charlotte (Alexandra Dowling – *The Musketeers*) and Anne (Amelia Gething – *The Spanish Princess*); her first aching, forbidden love for Weightman (Oliver Jackson-Cohen – *The Lost Daughter*, *The Haunting of Bly Manor*) and her care for her maverick brother Branwell (Fionn Whitehead – *The Duke*, *Dunkirk*), whom she idolises.

Frances O'Connor makes her directorial debut with *EMILY*, from her own original screenplay. The film also stars Adrian Dunbar (*Line of Duty*) and Gemma Jones (*Bridget Jones's Baby*, *Gentleman Jack*).

Jim (Jordan Oosterhof) is a seventeen-year old boxer in a small town. He is a golden boy, training for professional status. But his father Stan (Tim Roth) is a demanding coach and a notorious alcoholic.

Stan has given everything to see his son go pro and escape the brutality of his small world. As Jim begins to rethink why he is fighting he meets Whetu (Conan Hayes), a gay Maori boy who spends his days in an old beach shack. With his mongrel dog Moimoi he cobbles together a fragile glamour and dreams of leaving town.

In a world that pretends that being gay is accepted, this film peels back the veneer of tolerance to show just what exists under the surface. As Jim stumbles towards discovering what it really is to be a gay man, he is forced to see that strength has little to do with heroism.
